

2025 Year of Life Review

What a joy it is to begin a brand-new year filled with growth, hope, and momentum! As we step into 2026, EPIC is experiencing incredible expansion in both the number of women and families we serve and in the physical space we need to care for them well.

We're thrilled to announce that we've secured the space next door to our New Bern office and renovations are underway to create an expanded, unified location where more women can receive compassionate, life-affirming care. This growth reflects what we're seeing every day: more women reaching out, more families in need, and more opportunities to be the hands and feet of Christ. Thank you for being part of this year of LIFE!

“

I walked into EPIC scared and unsure. They welcomed me with love, showed me my baby on the ultrasound, and helped me believe I could do this. Today, I'm a proud mom because someone cared.
